PŁOCKI PARK PRZEMYSŁOWO - TECHNOLOGICZNY

Płock, February, 2011

*Dear Sirs,*

We are pleased to present a preliminary offer of the Płock Industrial and Technological Park for investors operating in widely understood sector of modern business services (SSC/BPO).

Business Services Center will consist of Corporate Services Center, class A office building with usable area of 9.500 m<sup>2</sup>, and Data Center Complex – technology facility of class TIER III and class A building of a total area of 3.500 m<sup>2</sup>, including ca. 1.000 m<sup>2</sup> of server room. Please, find attached a presentation with description of premises location and technical data.

Business Services Center is a part of a broader development program of the Płock Industrial and Technological Park focused on such areas of its activity as technology, science and research. The program is co-financed from European Union funds and will be implemented in 2011 – 2013.

**We offer a possibility to locate Your business operations in Płock, which is the rapidly developing city with great economic potential and well-educated, goal oriented and flexible staff. We offer premises with highest quality office space on attractive terms situated within the strong business neighborhood.**

In addition to newest office buildings, where space can be easily adapted to Your expectations, we also offer a complex HR package for staff recruitment and training according to the needs of Your company's business profile.

**We invite You to co-operate with us. I will be pleased if you consider our proposal.**

We are ready for a meeting at any time convenient for You to know Your expectations in order to prepare a detailed offer exclusively for Your needs.
